MEMORANDUM FOR THE RECORD

SUBJECT: General: Report on Personnel Security  
Specific: Indoctrination of Supervisors

1. In the original, internal report, paragraph 48 pointed out the need for formal indoctrination and periodic reindoctrination of supervisors in their responsibilities. A related recommendation appeared in paragraph 15.a of the summary of the internal report.

2. In the version of the report prepared for forwarding to PFIAB, NSA and DIA, the text appears in paragraphs 49 and 57.a. The Executive Director, who read the rough draft of the external version, noted that the text of paragraph 57.a. should read "has initiated." This change in "steps being taken" necessitated a change in paragraph 49. The Inspector General and I feared that the resulting text was inaccurate.

3. The Inspector General checked the text with the Executive Director on 25 October 1963. The Executive Director confirmed that the text, which appears in the reproduced version, was in accordance with his wishes.
